

**Kitchener-Waterloo**  
**A Great Place to Live – A Fantastic Place to Practice**

Kitchener-Waterloo has one of the fastest growing economies in Canada. Our rapidly growing population has created a critical need for additional doctors.

We wish to extend an invitation to you to explore the Kitchener-Waterloo community and its practice opportunities.

- Located in southwestern Ontario within Canada's Technology Triangle – we are a diverse, innovative and entrepreneurial region of 500,000 people - the area is Ontario's 4th largest urban centre (Canada's 10th largest)
- We are a one hour drive from Toronto and under two to Buffalo and cottage country.
- Our community is unique in that it offers large urban centre living and vibrant community life while maintaining a sense of friendliness and cohesiveness often associated with smaller towns.

For more information on our twin communities and our region, please use this link <https://www.hfojobs.ca/Kitchener-Waterloo> to our community webpage on the HealthForceOntario (HFO) Jobs website.

To arrange a personally tailored community visit and tour, please contact:
